on behalf of the European People's Party (Christian

with request for urgent debate
pursuant to Rule 14 of the Rules of Procedure

on summer time

The European Parliament

1. Calls upon the Council to introduce summer time in all Member States in 1980 with a view to making better use of daylight and to set in train the necessary preliminary measures without delay;
2. Instructs its President to forward this resolution to the Council, the Commission and the governments of the Member States.

Justification for urgent procedure

Urgent debate is justified because the Council of Transport Ministers must shortly take decisions on this matter.
